Independent Study

Good school attendance is the first step in helping children become successful in school. Frequent absences hurt a child's academic performance. Although occasional student absences cannot be prevented, we encourage regular student attendance.

When there must be an absence of five or more consecutive school days, an Independent Study contract is available. You must contact the **office a minimum of two weeks** in advance to make arrangements.

Completed work must be turned in per the contract or the absence will be unexcused.
