

**PLEASANT GROVE SCHOOL**  
**Student / Parent Hotspot Conditions of Use**

PGJUSD is excited to provide the opportunity for our students to borrow a hotspot for internet connectivity for distance learning. Parents and students should carefully review the PGJUSD Responsible Use and Care Guidelines listed below.

**Responsible Use and Care**

1. The hotspot is to be treated as a valuable object. It should not be thrown, purposely dropped, or abused in any way.
3. The hotspot should not be used in or near proximity of water, household chemicals, or other liquids that could damage its electronic components.
4. The hotspot should be protected from the environment to prevent damage.

**Parent/Guardian Responsibilities and Permission**

I am authorizing the assignment of a hotspot to my family. I understand that it is to be used as a tool for learning and that my child will comply with the PGJUSD Responsible Use and Care Guidelines. I will help ensure the safe and timely return of the hotspot within the loan period. I also understand that I am financially responsible for any willful, malicious, or accidental damage. I understand the approximate replacement cost for a hotspot is \$375. I understand that my child may lose future loan privileges if it is either damaged or not returned in a timely manner.

**Student Responsibilities and Permission**

I agree to abide by the PGJUSD Technology User Agreement. I agree to take care of the hotspot while it is in my possession. I will not give it to anyone else to use. I agree to return the hotspot and all components to the school in the same condition it was issued to me.

I acknowledge that the school has the right to monitor internet usage and content and may revoke the use of the hotspot based on unacceptable use.
