California Department of Education School Accountability Report Card

Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the <u>CDE DataQuest Web page</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

About Our School

Welcome to Pleasant Grove School. Pleasant Grove is a single-school district that opened in the late 1800s. Many of our students' grandparents, and even some of our staff members, attended school here. We enjoy the benefits of being a central part of this close-knit, multigenerational farming community.

Although we have strong roots in the past, we are a forward-thinking, high-quality school. We value strong fundamental, Standards-based education while employing innovative, engaging teaching techniques to meet the variety of learning needs and styles we encounter. Our vision is one of **excellence in action** and **continuous learning** for **all of us**.

Pleasant Grove students and staff all work hard and expect a lot of each other. Due to our small size, we are able to provide a unique educational experience and ensure that all staff members perform at their best, no matter what their role. We are excited to have our hard work recognized:

- California Distinguished School in 2008 and in 2013
- Title I Award in 2013 and 2016
- California Gold Ribbon School in 2016

School Description and Mission Statement (School Year 2017-18)

Mission Statement

The mission of Pleasant Grove School is to maintain a postive school climate, a safe and orderly environment, and a Standards-based academic program for all students. We accomplish this by:

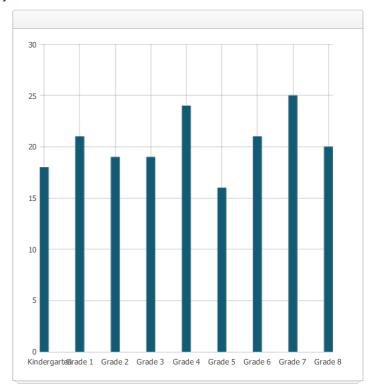

- Teaching through the use of rigorous Standards-based curriculum;
- Integrating technology;
- Developing a highly qualified, commtted staff;
- Actively involving parents, families, and the community in the educational process;
- Providing quality facilities and support services; and
- Upholding fiscal integrity.

Vision

Pleasant Grove School District strives to educate students who have high moral and ethical standards, an enthusiasm for learning, and who are equipped with the skills and knowledge necessary to excel in a global society.

School Facility Conditions and Planned Improvements

Buildings: Pleasant Grove School was built in 1952 then added on to in 1962, 1972, and 2005. Our school includes nine buildings, of which three are portables. We have nine classrooms, a cafeteria/ multi-use room, daycare/library building, and office building that contains three student service rooms.

We purchased a portable classroom in 1997, added a new library building in 2001, and bought a new childcare facility in 2002. We also completed an extensive flood-control project in 2002. The District spent \$1.8 million dollars to modernize classrooms, bathrooms, cafeteria, and expand our office building in 2004–05. Modernization funds were obtained from the State for this project. During the summer of 2016 the district spent more than half a million dollars on a major septic replacement.

The school is in good condition, and it provides students a safe, clean, and functional environment for learning. Our part-time custodial crew ensures our facility is in top shape by daily and weekly cleaning routines. Maintenance and repairs are completed regularly and in a timely manner. Work orders are completed by staff members and work is prioritized by order of importance and safety.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

• Pupil outcomes in the subject area of physical education

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

The Pleasant Grove School District has a long-standing tradition of parent involvement, with parents and staff working together to ensure that our students receive a top-notch education. Parents have many options for involvement. They are an important part of our School Site Council (SSC); they volunteer as coaches, in classrooms, and are members of Parents' Club. Our Parents' Club provides the funding for a wide variety of student activities, supports our technology program, provides classroom funds to help defray the costs of teachers' extra purchases, and helps with numerous activities.

School Safety Plan (School Year 2017-18)

Our SSC reviews our safety plan annually and makes adjustments as needed. The Board reviews and approves our safety plan each February. We supervise children on the playground before, during, and after school. Staff always supervises children in classrooms and in the cafeteria. We conduct regular safety drills to ensure that everyone understands our emergency procedures. Our staff members work together closely to ensure student safety. The School Safety Plan was last reviewed, updated, and discussed with our School Site council in January, 2017. It will be reviewed again in January, 2018 by SSC and Board approved in February, 2018. Key elements of the plan include monthly safety drills, crisis intervention plans, and emergency response procedures.

Types of Services Funded (Fiscal Year 2016-17)

Most of our funds cover salaries, benefits, and instructional materials. General fund money contributes to our transportation program. Our childcare program is self-supporting. Class Size

Reduction funds support smaller classes in grades K-3. Our reserve account handles any unforeseen circumstances. We receive funds from the State and Federal governments, local donations, grants, and Parents' Club.

Pleasant Grove is a targeted assistance Title I school, and as such, services are provided to students who meet the criteria. The goal of the Title I program is to enable participants to meet the challenging state standards that all children are expected to master. Title I services are provided by a highly qualified teacher and/or paraprofessional. Services are provided based on student needs. Our Title I program serves approximately 30 students through smallgroup and individual work. Each year about half of our Title I students test out of Title I and continue to succeed in class.

The District utilizes traditional (standardized tests) and non-traditional (student products from school and home, classroom observations, and interim assessments) instruments in identifying gifted students. Participation in the GATE program is available to all students. Programs offered may include art, science, computer technology, drama, choir, and/or writing. Some classes are offered during regular school hours and others may be offered on an after school basis.

The school offers county operated Resource Specialist Program (RSP) and Speech & Language services on the Pleasant Grove School campus. Additional services are offered at other school sites through county operated programs. The district strives to provide an educational program to meet the needs of all school-aged children within the district. A student shall be referred for special education instruction only after the resources of the regular education program have been exhausted. If a student is referred to special education, parents will receive a notification of rights and an explanation of proposed assessments. After assessments have been completed, a Student Study Team meets to discuss findings. Individualized Education Plans and the student's progress based on the plan will be reviewed with the parent/quardian at least annually.

Professional Development

Pleasant Grove School has nine teachers. Their years of experience range from a first year teacher to over 30 years. Our teachers have, on average, 13 years of experience. The entire faculty at Pleasant Grove holds a full credential. None of the faculty at Pleasant Grove holds a trainee credential, which is reserved for those teachers who are in the process of completing their teacher training. The entire faculty at Pleasant Grove holds the elementary (multiplesubject) credential.

Our teachers are committed to refining their teaching skills and routinely attend classes and workshops on weekends and during the summer. Many teachers have attended Saturday and summer writing classes sponsored by the Area 3 Writing Project, math classes sponsored by CSUS, and classes sponsored by Sutter County Office of Education. We offer ongoing, onsite training

throughout the year to our teachers. They receive training on new curricula or test-score analysis.

Each Monday is a minimum day for students. On Monday afternoons, we meet together to discuss school goals and other professional development topics. Recent goals include improving

skills in reading fluency and mathematics. Our staff development time is also spent working in grade level teams to analyze student data and instructional programs to improve student learning.

We provide opportunities for teachers to observe in other classes. These observations, along with in-class coaching, provide additional means of professional development.

Our beginning teachers receive support through Beginning Teacher Support and Assessment (BTSA). They are assigned a support provider who meets with them weekly. In addition, the beginning teacher and support provider attend monthly meetings provided by the Tri-County BTSA office.

^{*}Where there are student course enrollments of at least one student.
